We’re taking to the streets

Rome E-Prix

April 14 2018

GKN takes to the streets at the Rome E-Prix:

One of the most iconic cities in the world, Rome is no stranger to motorsport, having housed the Rome Grand Prix for many years. Now, high profile motorsport comes back to Rome with electrifying street racing for the first time.

This exciting, newly-designed track follows sections of the proposed circuit for the 2012 Rome Grand Prix which never came to fruition. At 2.86km, the Circuito Cittadino dell’EUR is the second longest track yet seen in Formula E. It remains to be seen how the drivers will adapt to the challenge of this lengthy, technical course.

Be sure to tune in on April 14 for what is sure to be a very special race!
