

# SPIDAN Suspension Springs – The perfect spring for any vehicle

Vehicle coverage > 80% worldwide • 5-year warranty for pair exchange\*

**SPIDAN**<sup>®</sup>  
Original GKN Parts

*Ideas in Motion* >

# High-performance quality products by SPIDAN guarantee familiar driving characteristics

*SPIDAN springs are OE-compliant in all characteristics*

- Precise manufacturing in accordance with OE standards
- Material and windings in accordance with OE specifications
- Spring rate perfectly tuned to all vehicle types
- SPIDAN springs fit perfectly on the original spring plates

*Clear identification and installation of suitable SPIDAN springs*

- Colour codes on SPIDAN springs correspond to serial codes
- Marking with logo and part number
- Indication of correct installation direction

*A good spring is a silent spring: SPIDAN springs come with protective tubing (where necessary)*

- Reduced friction noise and transmitted chassis noise
- Protection against spring surface damage

*Product range features all OE technology*

- Miniblock springs
- Side load springs
- Constant wire springs
- Inconstant wire springs
- Hot coiled springs
- Cold coiled springs

**GKN Automotive is one of the few aftermarket suppliers that have access to the technology required to manufacture inconstant spring wires.**

\* GKN Automotive offers a 5-year warranty if springs are replaced in pairs (per axle). Please note: this warranty is only valid if both springs are submitted! The statutory warranty period of 2 years applies to the replacement of individual springs. Please note that the road safety of the vehicle may be impaired in the case of a piece-by-piece change.

Miniblock spring made from super progressive, inconstant wire (aerial view).
